VOLUNTARY ANNOUNCEMENT
BEIJING SHOUDAXINGYE FUND HAS INVESTED IN DIFFERENTIAL ROBOTICS

This announcement is made by Shoucheng Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis.

The board of directors of the Company is pleased to announce that recently, the Beijing Shoudaxingye Equity Investment Center (Limited Partnership)* (北京首大興業股權投資中心(有限合夥), “**Beijing Shoudaxingye Fund**”), managed by a wholly-owned subsidiary of the Company under Shoucheng Capital of the Group, has invested in Differential Robotics Technology Inc.* (微分智飛(杭州)科技有限公司, “**Differential Robotics**”). This investment is an additional investment following the initial investment in May 2025, and will further promote the investee company to increase its research and development investment and team expansion, consolidating and enhancing its leading position in aerial embodied intelligence.

Differential Robotics is a domestic leader in aerial robotics, focusing on the research and development of aerial embodied intelligence systems, multi-UAV swarm collaboration, and fully autonomous exploration algorithms and hardware. It is one of the few domestic companies that has achieved autonomous exploration flight in complex environments. This investment will help Differential Robotics further increase its research and development efforts in aerial embodied intelligence, strengthen the recruitment of high-end research and development talent and optimise team structure, injecting strong momentum into Differential Robotics’ continuous technological innovation and commercialisation of aerial robotic embodied intelligence products.

Going forward, the Group will resolutely continue to expand its strategic investment layout in the robotics industry, especially through ongoing cooperation with high-quality and high-potential enterprises. Leveraging its unique ecosystem, the Group will accelerate the commercialisation process of investee companies and help them to achieve leapfrog development, supporting the rapid growth of leading aerial robotic embodied intelligence enterprises.
